PROFILE

I am a highly motivated and enthusiastic second-year undergraduate pursuing a Bachelor's degree in Computer Science at the University of Westminster. Passionate about leveraging technology to solve real-world challenges, I have a strong foundation in programming, problem-solving, and software development. My academic journey has equipped me with hands-on experience in areas such as algorithms, data structures, and web development. I am eager to contribute my skills, creativity, and dedication to innovative projects and dynamic teams that drive impactful outcomes.
